

## General instructions for safety and comfort at Caravan Club of Sweden (CC) campings

The instructions apply to both temporary as seasonal bound guests at CC's camping sites. They constitute minimum regulations and may be completed with local instructions. These instructions apply regardless of if the camping is a club camping or not.

Since the seasonal tenant has paid their seasonal fee, the tenant is considered to have taken part of and accepted the terms and conditions. If everyone is following these instructions, we will get a safe and pleasant camping.

1. Member/guest has obligations to get informed of and follow these instructions.
2. By arrival to the camping site, notification must take place in the reception or to the camping host and by departure we want you to clean up the pitch. If you are not content with your pitch or have any feedback, we want you to contact the camping host so that we get a chance to correct possible errors. If someone violates the general instructions, the head of camping has the authority to reject the person off site.
3. CC-members must upon request show their member card. Other guests must be able to show international camping cards (CCI) or collaborators member cards to obtain member pricing.
4. The camping site is to be designed so that it cannot be seen as a summerhouse-area or storage site for uninhabited camping vehicles. The club camping pitches are intended for time resident and recreation which means that permanent residence is not allowed.  
Standby tent or similar solutions like "nail tents" is not allowed at CC national camping sites.
5. Caravan Club promotes mobility at its leisure facilities and that the facilities should be open and available to members without a seasonal place.
6. Members are not to interpret their assigned pitch as an annually recurring fixed pitch. The national- or section board has the right to move a seasonal pitch tenant to another pitch for a new season, when the board find it suitable. The Caravan Club National board (national campsites) and section board decides about the seasonal length and what is included in the season fee.
7. The seasonal pitch that has temporarily been left by a seasonal tenant, will be available to other guests without compensation from the camping administration for leasing to another guest. Seasonal tenant must notify the camping administration during which period that the place will be available, and it must be easily accessed to other guests.
8. The camping vehicle must be registered and inspected accordingly to the vehicle regulation chapter 6. The owner of the vehicle is responsible for these requirements to be met.

9. CC require that LPG/gas test is performed on all the members camping vehicles yearly. If any issues with the LPG/gas equipment, it must be fixed immediately. During this time, the LPG/gas equipment cannot be in use. Only two gas cylinders of approximately 11 kg each or a total volume corresponding to 60 litres is allowed to be stored in respective camping vehicle and per parade-ground/pitch.
10. At electrical connection, only approved cable for outdoor is accepted. It shall be of HO7RN-F standard or equivalent. The cable area must be 3 x 2,5 mm<sup>2</sup> and the length of the cable must be maximum of 25 meters. The connected vehicle should be of industrial type (blue) with 16A rated current. Any cord wire must be completely rolled out and electrical supplies in the awnings must be approved for outdoor use
11. The distance between two camping vehicles or between camping vehicles and a tent should be at least four meters. The distance between two tents should be at least three meters. By camping vehicle is meant a caravan or motorhome including an tent or similar. It is your own responsibility as a guest to ensure that distances to your neighbours are maintained.  
This is in accordance with the Swedish Civil Contingencies Agency's – MSBs recommendations.
12. During summer season ending, a closed wastewater vessel for the camping vehicle must be used. Wintertime a bucket or likewise is to be used.
13. Residents of the camping must show consideration. Silence must be observed between 23:00-07:00. Local deviations may occur by weekends or common arrangements.
14. Ball play is allowed on specified locations.
15. Pets must be kept in leash. Areas for walking/play with pets are the ones located for this purpose or outside the camping site.
16. Personal hygiene-, dish-, wash- and vehicle is to be performed on locations designated for the purpose.
17. Garbage, latrine, and greywater is to be emptied on designated locations.
18. Great caution and consideration must be advised during barbeque and fire. One-time-use grill is to be used on protective ground. Used one-time-use grills and used coal is therefore designated vessels. Avoid using lighter fluid, if possible, Use electric lighters or ignition blocks as alternatives.
19. Private sales activity, commercial, exhibition, display and therefore coherent businesses may not exist on the camping site. Exceptions may be considered by the national/sectional board.
20. Rental or sale of the camping vehicle with associated place or transfer of disposition rights of the place is not allowed.
21. Do not disturb the calm of the camping site with motor vehicles more than necessary. Top speed is walking pace (maximum of 10 kph (km/h) ).

22. The association is not responsible for any damage or loss of a member/guest property.
23. Any malformations must be reported directly to the camping host. If any violates the camping rules, the camping host has the authority to immediately reject the concerned from the camping site and report to the boarder.
24. A member should only have a booking at a leisure facility. Each booking must have contact details that correspond to the person who will actually dispose of a place.
